MISSION AND VISION:
The Arise Society guides young adults toward academic success and the development of meaningful, interpersonal relationships, helping them regain a sense of personal pride and self-efficacy that persists well into adulthood.

We strive to replicate typical college life as much as possible, encouraging our students to be active community members and contributors, while affording them a great deal of autonomy and independence.

“Possibly the best thing to ever happen in my life second only to attending wilderness” - Ash W
Bringing decades of clinical and residential experience, Vaughn founded The Arise Society in 2015 with the notion that young-adult support should replicate real-life as much as possible. Students benefit from his process-focused group therapy, which facilitates the development of invaluable social skills.
