

MISSION AND VISION:

The Arise Society guides young adults toward academic success and the development of meaningful, interpersonal relationships, helping them regain a sense of personal pride and self-efficacy that persists well into adulthood.

We strive to replicate typical college life as much as possible, encouraging our students to be active community members and contributors, while affording them a great deal of autonomy and independence.

Vaughn Heath, PhD Founder/Executive Director drvaughnheath@thearisesociety.com

Bringing decades of clinical and residential experience, Vaughn founded The Arise Society in 2015 with the notion that young-adult support should replicate real-life as much as possible. Students benefit from his process-focused group therapy, which facilitates the development of invaluable social skills.

Jeff Larson, LCSW Clinical Director jeff@thearisesociety.com

Jeff has years of experience and success working with both the young adult and teenage populations. With his direct, honest and genuine approach, he is an expert in helping students understand and navigate the college world.
